About ATAL Academy

The AICTE Training and Learning (ATAL) Academy was established with the objective of empowering faculty members to fulfill higher education goals such as access, equity, and quality. The main goal of the ATAL academy is to organize and assist in the delivery of high-quality technical education in the country, as well as to support technical education in order to stimulate research, innovation, and entrepreneurship via training in a variety of new fields. FDPs under ATAL, which is one of AICTE's missions, have had a substantial influence on improving faculty and student knowledge and abilities in order to make them more employable and self sustained in various professional activities.

About the FDP

The prime objective of the current Five days ATAL-FDP is to inculcate and develop the faculty and participants to cope up with professional activities taking into account various factors such as response effectiveness, organizing self, attitudinal shift and decision making (ROAD). The FDP has been designed to cover up various professional areas ranging from developing human values, skills, capacity building, creativity, decision making, stress management, self compassion, art of living and many more. To measure the outcome of the FDP, motivational and eminent speakers from all over the globe were selected based on their professional experience and area of expertise.

About GIPS-Guwahati

Girijananda Chowdhury Institute of Pharmaceutical Science (GIPS) was established by Shrimanta Shankar Academy (SSA) in 2007, with the prime objective to provide best pharmaceutical education and to promote research and development activities in North Eastern region of India. The institute has the vision to produce world-class, competent pharmacists who will make a long-lasting impact in the field of pharmaceutical and health sciences. The Institute has been ranked in the rank band 76-100 for the year 2021 by NIRF, MHRD, Govt. of India and its B.Pharm Programme is accredited by NBA. In addition, the institute (a unit of SSA) is recognised by the Department of Scientific and Industrial Research (DSIR), Govt. of India, as a Scientific and Industrial Research Organisation (SIRO). Over the years, the institute has developed an environment for learner-centric education and innovative research. GIPS lives by three values- truth, discipline and excellence. It aims to establish a morally sound education system that not only produces competent professionals, but also excellent human beings contributing to welfare of society. The institute is affiliated to Assam Science and Technology University (ASTU), with approval from Pharmacy Council of India (PCI), and All India Council for Technical Education (AICTE). The institute offers D.Pharm, B.Pharm, B.Pharm (Practice), M.Pharm in Pharmaceutics, Pharmaceutical Chemistry, Pharmacology and PhD in Pharmacy.
